GASES, EQUIPMENT & SUPPLIES

WHY WE EXIST

WE'RE HERE TO SERVE

General Distributing Company is a 3rd generation family owned business dedicated to investing in, inspiring, and empowering people so that together we succeed and grow. We've been serving our customers and local communities since 1948. We have an established group of industry experts that possess a valuable combination of personalized

service, a solution oriented mindset and industry experience to make sure that you get the right solution for your application. Our team serves you best by understanding the individual needs of your company and delivering products that help you be more productive, more efficient, and more profitable. A steadfast commitment to living our core values is the backbone of how we operate.

HOW WE OPERATE

WE VALUE RELATIONSHIPS

- People come first in everything we do.
- We are focused on solving problems and providing solutions.
- We make it easier for people, both internal and external, to do business with us.

WE DO WHAT IT TAKES

- We are passionate about achieving excellence.
- We go above and beyond for our team and our customers.
- We are united in supporting each other no matter what it takes.

WE DO THE RIGHT THING

- We create a safe working environment for everyone, emotionally and physically.
- We don't cut corners for our own personal gain.
- We make decisions and act with honesty and integrity.

WE DEVELOP OUR PEOPLE

- We invest in our employees through continuous education, training, and empowerment.
- We create a corporate culture that inspires and rewards individuality, creative thinking, innovative ideas, courage, teamwork, and fun in the workplace.
- We lead by example.

WE ARE RESULTS-DRIVEN

- We set strategic goals and objectives and track them regularly.
- We implement processes to guarantee future success.
- We look for ways to improve our customers efficiency, productivity, and profitability.

INDUSTRIAL & WELDING GASES

General Distributing has been helping construction, fabrication, manufacturing, agriculture, oil & gas, and mining industries determine the right gases and mixtures since 1948. We have 6 locations strategically located to serve cities and rural communities across Montana, North Dakota, and northern Wyoming. We have a wide variety of gases, specialty gases, and gas mixes:

Acetylene	Fuel Gases
Argon gas & liquid	Mixed Gases
Argon mixes	Nitrogen gas & liquid
Co2 gas & liquid	Oxygen gas & liquid
Compressed Air	Propane
Helium	Propylene
Hydrogen	Ultra High Purity

GAS SUPPLY SYSTEMS AND BULK TANK SOLUTIONS

General Distributing combines the highest quality products and equipment with an experienced team who can design, install, and maintain a supply system to meet any need you may have. We provide gas in a wide range of sizes

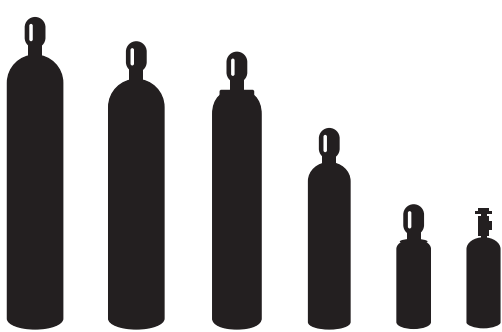

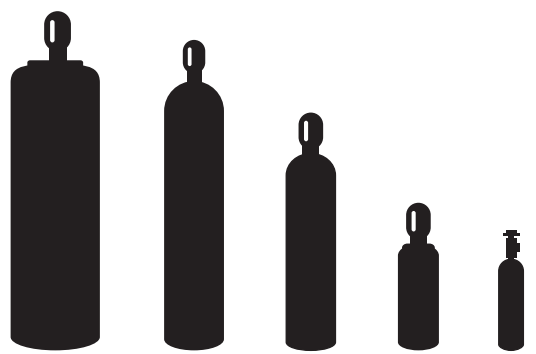

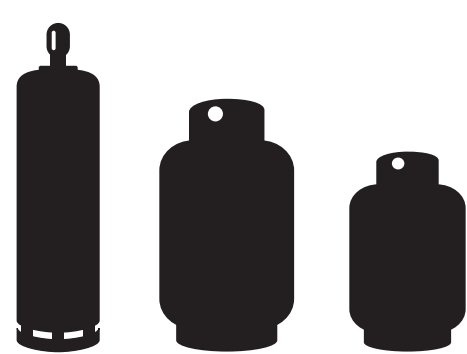

from cylinders to bulk tank systems in order to provide smarter, safer, cost saving, and quality ensuring solutions for your business.

CYLINDER TRACKING

General Distributing has an advanced cylinder tracking program that helps find missing cylinders and provides cylinder traceability. This system allows us to keep our customer cylinder balances accurate, therefore ensuring the accuracy of their rental bills. Our system also allows customers to log on to their account through our e-commerce platform and move cylinders between departments to ensure accurate cost accounting. Cylinder tracking helps:

- **Flag stolen cylinders**
- **Confirm dates, times, and proof of signature for deliveries**
- **Identify lost cylinders**
- **Receive account information and cylinder turns**
- **Locate lot number to identify multiple component gas mixtures, concentrations, and tolerances when re-ordering specialty gases**

CYLINDER SIZE CHART

HIGH PRESSURE			ACETYLENE C ₂ H ₂		
					
HIGH PRESSURE					
CYLINDER SIZE	PRESSURE (PSIG)	CU FEET	NOM. OD (IN.)	NOM. LGTH. (IN.)	NOM. WT. EMPTY (LBS)
T	2400	300	9.27	55.5	168

			27 LB	7 LB	

Pressure & cubic foot varies with gas type & molecule compound

INDUSTRIAL & WELDING EQUIPMENT

General Distributing Company offers only the highest quality and reliable industrial and welding supplies that you depend upon to get the job done. For over 70 years, General Distributing has been helping our industrial customers choose the right product for the job at hand. We have dedicated employees trained to analyze your needs and provide professional gas, product, and application recommendations. We can process orders in the field with the help of our phone based POS program to improve order turn-around times and accuracy. Our trained sales team, backed by the expertise of the leading manufactures we represent, insures that our customers have access to the products and training that will make them more productive, efficient, and profitable.

General Distributing sells a wide variety of welding & industrial equipment, consumables and accessories. Please see the following general overview of what we offer. This is by no means an all-inclusive list.

WELDING EQUIPMENT & SAFETY

WELDING EQUIPMENT

- MIG
- TIG
- Stick
- Portable

FILLER METAL ROD & WIRE

- Mild steel, stainless and aluminum
- Cast Steel, Cast Iron, Dissimilar Metals

AIR FILTRATION SYSTEMS

- Portable Fume Extraction
- Overhead Units
- Engineered Systems

CHEMICAL PRODUCTS

- Parts Washer
- Environmentally Friendly Industrial Cleaners
- Cutting Fluid For Drilling, Tapping, and Sawing

SAFETY EQUIPMENT

- PPE For Welding and Grinding
- Gloves
- Respirators
- Welding Helmets
- Glasses and Face Shields
- Hearing Protection
- Gas Detection Monitors

CUTTING TOOLS & ACCESSORIES

- Plasma Cutters
- CNC Plasma Tables
- Torch Cutting Packages
- Exothermic Cutting
- Torch & Regulator Repair and Replacement Options

INDUSTRIAL TOOLS

HAND TOOLS & ACCESSORIES

- Layout Tools And Torch Guides For Pipe
- Weld On Hinges Steel and Aluminum
- Wire Brushes, Files, Layout Markers and Pencils
- C-clamps and Beam Clamps
- Magnets For Welding Grounds, Fixturing, Lifting and Cleanup

METALWORKING MACHINERY & TOOLS

- Ironworkers and Bandsaws
- Drill Presses, Cold Saws, Mills, and Lathes
- Fixture / Layout Tables
- Stationary Sanders
- Bandsaw Blades
- Press Brakes, Shears, Plate Rollers, and Other Large Industry Related Items

POWER TOOLS & ACCESSORIES

- Track Torch, Plasma, And Welding Setups
- Magnetic Drills
- Cold Saws And Blades
- Grinders & Specialty Grinders For Polishing, Buffing And Detailed Finish Work
- Welding Positioners

ABRASIVES

- Cutting
- Grinding
- Blending
- Metal Finishing
